LEELA'S PUBLIC SCHOOL

Education with Difference

The roots of Leela's Public School, seeped in rich Indian values and ethos. the tree itself rises high up into the modern skies, branching across global structures. accumulating the best that the world has to offer. it's fruit, the LPS student is intellectually and academically sound, with enduring values that give him the strength of character. yet, open to the world and home anywhere in it, the LPS student is a true global citizen.

A young girl with dark hair, wearing a light blue striped shirt and a dark blue tie, is singing into a silver microphone. She has a bindi on her forehead and is looking down at a piece of paper she is holding. The background is blurred, showing other people and a stage setting.

Vision

Leela's Public School, a premier educational institute in Chhattisgarh, focuses on holistic, all round development, academic excellence, quality education, creating powers of analytical examination with creative ability and character development, where academic brilliance is matched with social values.

Mission

To instill in the Leela's Public School students the motto of LPS 'तमसो माँ ज्योतिर्गमय', that is a true reflection of the ethos of the Leela's group. LPS will strive to foster the intellectual, social, emotional, physical, spiritual and aesthetic development of the students and thus, enhance their quality of life. To ensure this, students are prepared for active, independent learning in an environment which fosters a spirit of enquiry and keen competition.

Santush Misshra
From the desk of CEO

At Leela's Public School, the uniqueness of each child is recognized nurtured and treasured. Emphasis is on learning and not on teaching. **Education is a complete process that leads to the attainment of the full potential of the child.** our Endeavor is to equip our students with life-skills to face the real world - be it planning, organizing, deciding, questioning, reasoning, analyzing, team-building, communicating effectively or dealing with challenges confidently. Our focus is to develop our students as Global citizens, with tolerance, respect and appreciation of a diverse cultures and religions for a life-time learning experience. They should be self-motivated, independent, confident decision makers to take up a leadership role in future . At LPS, we are our students with technological supremacy and help them integrate it with values, morals and our culture legacy. The School curriculum has been painstakingly planned on scientific guidelines to provide students with intellectual stimulation, physical robustness, social adaptability, emotional Independence and leadership qualities. It is our endeavor to establish a quality - conscious School where, Excellence is driven by values, Success is strengthened by ethics and Modernity is fortified by tradition .We at LPS provide holistic education where children evolve as individuals who are self- motivated and creative individuals, who can think, question and reason out logically; individuals who are independent, confident and leaders capable of Taking decisions.

"Success comes to those who work hard and stays with those, who don't rest on the laurels the past. "We live today in a world that is so very different from the one we were educated in. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of education. Are our schools equipped to prepare our children to face the challenges that the future holds? Questions such as these are factors that motivate us to go through a continuous process of reflection and hence we at LPS work at implementing a well balanced curriculum to ensure that the children who walked into the portals of our schools will not just love years but truly be prepared to face life challenges. It was Margaret Mead who said "children must be taught how to think, not what to think," and to enable this, our motto of knowledge, imagination and innovation is encouraged through a holistic approach." To MOTIVATE THE WEAK, TO ADDRESS THE AVERAGE AND CHALLENGE THE GIFTED" is the teaching vision of our school. Aristotle once said that, "Educating the Mind without educating the heart is no education at all."Even as we impart education to match the advancement in technology and globalization, we march our children ahead with Leela's ethos of moral values and principles. We endeavour constantly to instill these qualities in our children. We Pride ourselves to help them grow and develop into sensitive and responsible citizens of the next generation. A committed and supportive management, the dedicated teachers, caring and co-operative parents blend harmoniously to create a Child-centric School. I am very sure through collaborative effort we can achieve more to benefit our students who are the future leaders of tomorrow.

From the desk of Director

Infrastructure

LPS Raipur is housed in an ergonomically designed building that is a comfortable mix of aesthetics and functionality. An eclectic mix of green with glass and concrete the school building houses multiple blocks of classrooms which are enabled with 24 hour CCTV surveillance, a public address system, display and writing boards, lockers for students and furniture which is designed to suit the requirement of growing up children.

The lush green outdoors include a playing field, garden and green spaces viewable from classroom. The art & craft room, science labs, mathematics lab, computer labs, humanities lab, activity arena, multimedia room and performance centres are also provided along with facilities for indoor games. The school will soon add an auditorium too. classrooms of the school have been earmarked for the smart classes, which would take learning to a new level.

About Leela's Group

About Leela's foundation for education and health: Established in 2011, with the novel aim of providing school education and professional education, to the youth of new India the Leela's group is a pioneers in providing quality and objective education across PAN India. the group is continuously leaving remarkable footprints for its strong foundation built on values, traditions and relationship with a belief of excellences. The chain of schools and centers of excellence are contributing to India's growing importance in world. The experienced management team and their expertise and skills to formulate the guiding principles of all the schools under its banner, where every individual is encouraged not just to compete with the best, but also embody the values drawn from our rich cultural heritage. This combination of capabilities and values empower our students to be the future leaders of tomorrow.

The Faculty

It is the bright students and dedicated faculty that complement the infrastructure at LPS. The staff is selected not for their academic qualification alone. What is also considered while appointing the faculty is their disposition towards teaching and their levels of involvement with their prodigy. Not relying on the entry qualifications of the Teachers, the School also puts them through a slew of workshops and training programs to mould them to meet the higher standards of this institution. The faculty members regularly attend the workshops conducted by the Leela's group, to keep themselves updated with the latest trends. LPS brims with staff and students of extraordinary commitment.

We at Leela's Public School realize that academic and other achievements are made on the foundation of a healthy student teacher relationship. The teachers at our institution are constantly studying and updating themselves on the new techniques of delivering lessons and getting the student interested in the subject. Going beyond the classroom, they also strike a bond with the student which helps them to ensure his all round academic, cultural and emotional grooming. A disciplinarian, when the child needs it, a friend who shares their joys and concerns and truly a friend philosopher and guide, our teachers combine the best of Indian education system and the ever new global techniques of imparting education.

Academic Programme

The institution has classes beginning from Nursery and to higher classes. To help students achieve their optimum potential, the school provides them with unparalleled opportunities and venues of a growth. At Leela's Public School each student is treated as an individual and is provided with opportunities which help him realise his goals. By providing them with a stimulating environment which propels them towards learning, the school ensures that the entire education process becomes a joyous one. We discourage learning by rote and encourage research based learning. The knowledge gained by the student is in-depth and exhaustive and this provides for complete learning experience for the child. The individualized learning plan is devised keeping in mind the capabilities of the child. A walk down the corridors of the school will reveal a positive environment ringing with the joyous laughter of students and a friendly relationship blooming between the students and the Teachers. A mutual regard and respect which exists between The pupil and the teacher makes for a friendly atmosphere so conducive to the child's learning process and growth.

Science Laboratories

Well equipped laboratories for chemistry, physics and biology, provide the students a space to carry out practicals in group as well as individually, Exposing the learners to varied methods for putting the theoretical knowledge to practice, these labs help create a much desired scientific temper in the students.

Mathematics Laboratory

Mathematics is the language of the universe and is a major component of student life. The mathematics laboratory is fitted with state-of-the art furniture, up-to-date apparatus/equipments, sufficient in quantity for every child to play and experiment with individually, learners get the opportunity to discuss, engage and solve mathematical problems in our forums that is completely voluntary.

Library

The spacious LPS library, with more than 3000 books on diverse subjects is a storehouse of knowledge. Students are encouraged to cultivate reading habit from a young age and taught to use the space as a centre for learning. Library is a gateway for students to quell their curiosities and get answers to all their queries. The library also has an electronic (Audio and video CD) section, which makes the process of learning a lot more exciting & interesting. Our library facilitates students to fine-tune their research & critical thinking skills, bibliographic instruction & discussion. Our open access system helps students to choose book according to their interest. The multimedia room and internet zone etc help students to keep themselves up to date with today's world.

Computer Laboratory

The school's computer and communication network provides state-of-the art computing facilities and broadband internet connectivity. Apart from full-fledged computer lab, the learning centre also has computing facility to assist students in projects and research assignments.

Medical Centre

Manned by qualified nurse, the medical centre maintains high standards of hygiene and care to ensure the health and safety of students. The modern and child friendly centre is open throughout the day to attend to the students as and when required. Students health records are well documented and maintained at medical centre for ready reference. Besides the routine health check-ups the medical centre also holds annual activities like dental and eye check-up camps.

Counseling

Has well-qualified and experienced counselor for enhancing the psychological well being of the learners which is psycho dynamic, person centered and narrative.

The Parent Community

The school takes up an all encompassing approach for a child's development. To achieve this we forge a strong and mutually beneficial partnership with the parents and who is kept in the loop about the progress of his ward. Also included in the scheme of things are the guardians and care givers of the child, so that the child does not feel isolated and grows with the comfort of knowing that all those who care are at all times with him. At parent meeting held at regular intervals, we discuss the progress of the child and the areas that need to be further improved. The almanac is an invaluable link between home and school. Parents are kept up to date with information through our interactive website and newsletters. Parental focus groups provide invaluable support and feedback on a variety of school issues, including the development of policies.

Co-curricular Activities

In an earnest effort to ensure the all round development of student's personality, an array of activities are organized throughout the year which provide a sound platform to the child to further hone his skills. Leela's Public School is a well known name on innumerable National level competitive platforms where its students have won laurels. we encourage the student to take part in various competitions like cyber Olympiad, digital painting science & mathematics olympiads, Arts, sports and cultural programmes. they are groomed well in the school and properly prepared to participate and win in addition to this, being a part of LPS fraternity, children get ample exposure and opportunities through inter LPS competitions like sports, performing arts, literary and creative activities which helps for personality development.

LPS- Creative & Performing Arts-painting, music, & more...

With robust strokes of the brush the child learns of to express himself in the art room. Clay modeling, painting, drawing and craft activities which attract students of all age to this class. An eager for music is developed in the young students at the music room which is equipped with a wide range of modern and traditional musical instruments. The children get a taste of classical as well as a western classical during their music lessons. The dance room is fitted with large mirrors to enable the students to view themselves while practicing new steps with finesse. This learning facility provides excellent opportunity to the student to explore creativity and at the same time also rejuvenate his mind.

Community Service

LPS , through its community service is dawning realization of human values to the greater understanding of humanity, fragility and a greater appreciation of the great lives with the motto 'तमसो माँ ज्योतिर्गमय', encompassing the theme 'Service Before Self'.

Transport Facility

The school has a fleet of comfortable and safe School Buses and LMVs, to commute students to and from their residence.

Sports

At Leela's Public School we attach a significant value to sports activities as we believe that agile mind and a sturdy physique is an outcome of indulgence in sports. Besides, sports help in building a healthy team spirit. Team sports prepares a child to the method of performing in a group and for individual sports the school grooms and trains a student to learn and participate. Splendid sporting facilities abound which include tennis and basketball courts, a jogging track, a health club, and facilities for indoor games as well as outdoor sports such as football, cricket, badminton, table tennis and handball. There is a provision for sports activities for students of all age groups. We have the best of coaches to teach the students the various rules, skills and techniques required for mastering various games. The students are helped in acquiring the art of competing with the opposition with skill and good sportsmanship.

Beyond the classroom

the exciting mix of the academic with the co-curricular offers the students a wide mix of learning opportunities. He is free to select the areas of his interest with the confidence that the school would be providing all the right platforms him to excel in this these. These activities get a further impetus by luminaries who regularly visit the institution to push the frontiers of thought.

Students Council

A school forms the bedrock of all future activities that a child undertakes on the social platforms in his grown up years. Student council at LPS thus creates this urge to lead and learn the administrative nuances in children at a young age itself. The members of this council are encouraged to participate in the formulation and implementation of school's policies.

Campus/Excursions

For a robust development of the child which contains within a spirit of adventure and vigour, the school organizes holiday vocational camps during vacations. Environmental educational programmes ensure that the child gets suitable exposure to the outdoors which teach him to be sensitive towards his environment. Such activities also help create self reliance and the social quotient of the child and makes him aware of his country's rich heritage.

House System

There are four houses प्रबल, प्रताप, प्रखर and प्रयास headed by seasoned house in-charges. It is through competition held between these houses that a LPS student gets his first lesson in excellence. Regular Saturday co-curricular activities and inter house competitions keep the children engaged through out the week and compulsory participation in these not only boosts their confidence and morable but also grooms their personality.
